

Mission of the Child Development Program

It is the mission of the Child Development Program at Wallace State Community College to provide students with a specialized quality education with the necessary knowledge and skills to become successful caregivers and administrators in early child care and education programs.

Vision of the Child Development Program

It is the vision of the Child Development Program at Wallace State Community College to enable students to nurture and educate future generations so they will become productive citizens and leaders in their community and make a positive impact in the world.

Our Slogan:

Nurturing Future Generations
