2. No criminal record which would interfere with obtaining a licensure.
3. Scholarships are issued for one year of academic study. Past recipients must reapply each year.
4. Applicants must be of high moral character, must be about to complete at least your Freshman year in an undergraduate program of healthcare-related studies in an accredited college within the state of Alabama and must have at least two (2) semesters of college remaining.

In addition to an application, the following paperwork must be submitted in order to be considered for a scholarship:

1. A short typed essay to give the Scholarship Committee some insight about you personally and why you are applying for this scholarship.
2. Faculty letter of recommendation on **school letterhead with an original signature**. This letter should be from an instructor you have had during the past two semesters in a course **directly related** to your major.
3. Letter from Financial Aid Office which must address yearly tuition and fees as well as any scholarships, grants and loans already received or due to be received by the student.
4. Personal letter of recommendation from one other individual. This reference may be from place of employment, church, or any other organization (excludes relatives) - **letterhead preferred and original signature required**.
5. **Official** transcript from current college showing final grades after **completion** of the Spring 2017 semester. **No "in progress" transcripts or ones printed by students will be accepted.**

Please fill out the application completely and make certain it is accurate and neat. It is the **applicant's responsibility** to check with our office to make sure all the required paperwork has arrived by close of business on May 25, 2017. Please collect all items and turn in as **ONE** complete package. The only exception is that transcripts may be mailed directly from your school. **No late or incomplete applications will be considered.** Recipients will be notified of their scholarship amount by mail and payment will be made directly to the Financial Aid Office of the recipient's school. These funds may be applied **only** towards the cost of tuition, fees and books.
