

OCCUPATIONAL THERAPY ASSISTANT PROGRAM

Clinical Observation Documentation Form

Name of Applicant (Print Please) _____

WSSC Student # W _____

The OTA program requires that applicants complete a total of 24 quality hours divided between two (2) different Occupational Therapy Department settings. By quality experience we mean actual time spent observing patient care, not time spent observing department "down time". Credit should not be given for anything outside of patient care activities (i.e., lunch, secretarial duties, videos, etc.). Hours may be divided among facilities in any way, provided the total number of hours is 24.

Hours of observation may be performed under an Occupational Therapist or Occupational Therapy Assistant. If you observe multiple disciplines (OT & PT) during your day, you may only count the time spent with the OT or OTA toward the observation requirement.
