

WALLACE STATE HANCEVILLE

Diagnostic Imaging

Congratulations! You have taken the first step toward entering a quality educational program that will prepare you to work in the health care field.

The Diagnostic Imaging program is designed to provide qualified technologists for Diagnostic Imaging departments of hospitals and clinics. Students are taught the fundamental principles underlying all phases of Radiologic Technology. The Program is accredited by the Joint Review Committee on Education in Radiologic Technology in collaboration with the Commission of Accreditation of Allied Health Education Programs. Upon graduation, the student is eligible to apply to take the registry examination of the American Registry of Radiology.

Diagnostic Imaging Purpose & Mission Statement

WSCC Diagnostic Imaging Program's mission is to provide a quality education that enables students to develop the knowledge and skills necessary for entry proficiency as a radiologic technologist and continued growth as a professional. The Associate Degree in Diagnostic Imaging provides the best mechanism to enter basic Radiologic Technology practice and obtain an educational background for continued professional development.

Program Goals & Outcomes

1. The Diagnostic Imaging Program will provide a quality education.
 - 1.1 The program provides an education that promotes student success and retention.
 - 1.2 The program provides an education that prepares graduates to be successful on the ARRT Registry Exam.
 - 1.3 The program produces a graduate who is prepared to enter the workforce.
2. Diagnostic Imaging graduates will possess the knowledge required to function as a beginning level radiologic technologist.
 - 2.1 Graduates will possess the knowledge to pass the ARRT Licensure Examination.
 - 2.2 Students will demonstrate appropriate problem solving and critical thinking.
 - 2.3 Graduates are prepared to perform as entry level practitioners.
3. Diagnostic Imaging graduates will demonstrate competent basic skills in their radiologic technologist practice.
 - 3.1 Graduates will be able to adequately perform routine examinations.
 - 3.2 Graduates will be able to produce films of diagnostic quality.
 - 3.3 Graduates will provide a high standard of patient care to all patients.
 - 3.4 Graduates will demonstrate appropriate communication skills.
4. Diagnostic Imaging graduates will continue to grow as professionals
 - 4.1 Students and graduates will conduct themselves in an ethical and professional manner.
 - 4.2 Graduates advance in the profession through continued formal and informal education.
 - 4.3 Graduates participate in Professional organizations.

DIAGNOSTIC IMAGING PROGRAM APPLICATION CHECKLIST

Prior to APPLICATION to the program, the following must be complete:

SUBMIT TO THE ADMISSIONS OFFICE

- _____ WSCC application
- _____ Official transcripts from all colleges previously attended
- _____ Proof of high school graduation (transcripts) or GED certificate
- _____ Compass Test Scores in Math, Reading & Writing (within 3 years of application to the program)

NOTE: *Student should check with the college admissions to ensure that their Compass Test Scores are included along with transcripts.*

Submit a *COMPLETE program application packet to the Diagnostic Imaging Program Director that includes

- _____ Program application
- _____ ~~N/A~~ Signed Confidentiality Statement and Non-Discrimination Statement
- _____ Completed Essential Functions Form
- _____ ~~N/A~~ ~~Documentation of 12 hours observation at approved sites (approved sites are any hospital)~~
- _____ Proof of age, (**copy of birth certificate**) 18 by August 15 (Alabama Regulations For Control of Radiation Rule 420-3-03(6), "Occupational Radiation Dose Limits", states that all occupational workers employing ionizing radiation must be at least 18 years of age).

Upon acceptance all health science division students are required to have drug screenings and background check. Drug Policy and Background Check Policy are available for viewing online at www.wallacestate.edu.

***All** information must be included for a packet to be complete. Any piece of missing documentation will result in the application not be considered for admission. Information will not be accepted via fax - it must be delivered in person or via mail by the deadline date.

YOU SHOULD RETAIN COPIES OF THE APPLICATION PACKET YOU SUBMIT. If you reapply in the future, information will not be released from previous application packet.

NOTE: It is the responsibility of each applicant to ensure that the application is complete and that all information is on file. If application packet does not include all information listed above at the time it is submitted to the department, it will be rejected.

You will be notified by mail if you are accepted into the program. As no information regarding individual admission status will be given via telephone, please do not call the Admissions or Diagnostic Imaging departments to obtain your status. Letters will also be sent to individuals who are not accepted into the program.

DIAGNOSTIC IMAGING PROGRAM APPLICATION

Applications will be accepted until June 15.
Applications received after June 15 will be considered on space available basis.
