INSURANCE FOR INTERNATIONAL STUDENTS

Like most colleges and universities in the United States, Wallace State Community College has a mandatory health and life insurance policy for international students. Health care in the United States is extremely expensive, therefore all international students are required to be covered by a health and life insurance plan. International Students must provide evidence of insurance before the I-20 can be issued. The insurance policy must provide for treatment by physicians and hospitals and also medical evacuation and repatriation benefits.

Below is a list of international student insurance providers for you to explore. This information is provided for reference and general use only and the links on these sites **DO NOT CONSTITUTE** an endorsement by Wallace State Community College.
