

Nursing Reinstatement Application

Wallace State Community College – Department of Nursing Education

- **Spring 2021 - Math exam will be January 7, 2021, at 8:00 AM in CNS Room 332**
- **Summer 2021 - Math exam will be May 25, 2021, at 8:00 AM in CNS Room 332**
- **Fall 2021 – Math exam will be August 16, 2021, at 8:00 AM in CNS Room 332**

Upon reinstatement all nursing students are required to have a drug screening and a background check. Drug Policy and Background Check Policy are available for viewing online at www.wallacestate.edu/nursing.

Submit the reinstatement application:

- **Fall Reinstatement - June 15 through July 15**
- **Spring Reinstatement - October 15 through November 15**
- **Summer Reinstatement - March 15 through April 15**

All information must be included for this application packet to be complete. Any piece of missing documentation will result in the application not being considered for admission.

1. Students seeking re-entry into nursing courses should submit the application by the posted deadline; the exception being students who non-progress in a course will indicate re-entry status by attending the non-progression meeting at the end of the current semester; NP meeting date will be posted via Blackboard.
2. Please email entire signed application (pages 1 and 2) along with hard copies of all updated transcripts from other colleges to the nursing department. Also, please be sure to include a regularly monitored email address on the application prior to submission.
Email, page 1 and 2, of the Reinstatement Application to: jennifer.dunkle@wallacestate.edu.
3. Retain copies of your application packet for your reference. If you reapply in the future, information will not be released from previous application packet.
4. Refer to Reinstatement to Program tab at www.wallacestate.edu/nursing website for instructions pertaining to lab practice, Level I and Level II Math Validation Practice Packets and other important reinstatement materials.
5. The math validation will be based on material essential to the level at which you exited the program. For example, students seeking reinstatement to NUR 113, 114 or 115 should emphasize basic math while students seeking reinstatement to NUR 211, or 221 should emphasize basic math plus higher level math. You are expected to pass the exam with a minimum of 90% accuracy on the first attempt. Students who pass the math validation at the required level will proceed to skills validation the same day. The final decision for reinstatement will be determined after the number of current students who are progressing is identified.
6. Upon reinstatement, students must upload to CastleBranch, if they have or are about to expire, updated physical information including new TB skin test, background check, American Heart Association Health Care Provider or Professional Rescuer CPR (no online certificates), and proof of health insurance in order to complete the reinstatement process. Specific questions concerning previous CastleBranch information should be directed to mechelle.baker@wallacestate.edu. Drug screening will be assigned by the Department of Nursing Education at a date to be determined.
7. You will be authorized to register for nursing courses when cleared by the nursing department after evaluation of all physical information and paperwork. Please email mechelle.baker@wallacestate.edu if you have specific questions related to registration.

Please do not register for any Nursing courses until you successfully complete the math and skills validation exam and final clearance is given.

I understand that I must successfully complete the validation process to be considered for reinstatement and that reinstatement is solely dependent upon space availability. By signing below I acknowledge that I have read the above instructions and will abide by them during the reinstatement process.
