Pharmacy Technology Short-Term Certificate (2 semesters)

At a Glance

Pharmacy Technicians are skilled medical professionals who assist pharmacists with the provision of pharmaceutical care in both institutional and retail pharmacies. Duties of a pharmacy technician are varied, but include assisting pharmacists with prescription dispensing, inventory management, administrative reporting, medication compounding, and preparation of intravenous medications.

Program Description

The Pharmacy Technology program is designed to prepare students to assume positions in both institutional and retail pharmacies. The program curriculum consists of theory courses, lab activities, and supervised clinical internships. Program coursework includes pharmacology, medical terminology, pharmacy laws and regulations, and pharmaceutical calculations. Clinical internships are utilized to enable students to take the knowledge and skills they have obtained and apply them in a working pharmacy environment.

The Pharmacy Technology program is accredited by the American Society of Health-System Pharmacists (ASHP), 7272 Wisconsin Avenue, Bethesda, MD 20814, (301) 657-300, www.ashp.org. Certification as a Pharmacy Technician (CPhT) is achieved upon successful completion of the Pharmacy Technician Certification Exam (PTCE). Additionally, pharmacy technicians are required to register with the Alabama Board of Pharmacy.

Admission Requirements

1. Unconditional admission to the college – College application must be submitted by the program application deadline.
2. Student must be in good standing with the college.
3. Receipt of complete program applications accepted between March 1 and June 1 for Fall entry. Applications received after the deadline will be considered on a space available basis.
4. The online application is located at www.wallacestate.edu. Online application instructions are under the *Application to Program* tab. Upon

completion of the online application, all applicants are required to submit a Verification Sheet with all necessary documentation attached. The Verification Sheet, along with full instructions, can be found on Page 3 of the Online Application Instructions.

5. Official transcripts from each college attended must be provided to the Admissions Office and all unofficial transcripts must be attached to the program application Verification Sheet.
6. Student must meet the essential functions and technical standards required for the program as documented on the required WSCC physical form at www.wallacestate.edu-see Physical Form Essential Functions.
7. Meet all the general admission requirements of WSCC.
8. Possess a GPA of 2.0 on a 4.0 scale.

Selection and Notification

1. Students will be selected based on their completion of admission requirements and program application date. All other factors being equal, GPA will be the deciding factor for admission.
2. The Program Director will review all applications for completion of admission requirements and will notify students accepted into the program.
3. Upon acceptance into the Pharmacy Technology program, the student must submit:
 - a. A completed physical form certifying that the student is in good health and is able to meet clinical requirements.
 - b. Evidence of Hepatitis B immunization.
 - c. Proof of health insurance.
 - d. A signed consent to drug testing and background screening.
4. The student must also contact the program director and arrange for an orientation meeting upon acceptance.

Program Expectations

Students admitted into the Pharmacy Technology program are expected to comply with the Health Science program Regulations and Expectations as published in the Programs of Study section of the Wallace State College catalog.

Required Competencies

Students will be required to perform competency demonstrations in the following areas:

1. Brand and generic drug name identification and classification
2. Pharmaceutical calculations
3. Prescription dispensing
4. Aseptic Technique
5. Preparation of parenteral medications

Upon Admission

Students will be required to:

1. Submit an annual physical examination form, including proof of Hepatitis B and other vaccinations before they will be allowed into clinical facilities.
2. Submit proof of CPR certification before they will be allowed into clinical facilities.
3. Obtain accident and liability insurance (this is available through WSCC at the time of course registration).
4. Undergo background screening and drug testing according to Health Science Division policy.
5. Obtain an Alabama Pharmacy Technician Registration.

Progression

Students selected for admission to the Pharmacy Technology program must maintain a minimum grade of 75% or higher in major required courses. Failure to do so will result in the student being ineligible to progress through the program. Students who withdraw from, or are dismissed from the program must re-apply prior to reentering the program. Students may apply for reentry into the program only once.

Career Path

The Pharmacy Technology curriculum prepares students to function as healthcare professionals in both retail and institutional pharmacies. Students may be employed in chain drug stores, independent pharmacies, mail order pharmacies, hospital pharmacies and medical clinics. Other career opportunities may include employment with state healthcare agencies and prescription benefit management companies.

Median annual wage of pharmacy technicians in May 2016 was \$30,920, with the highest 10 percent earning more than \$45,710. (Source: U.S. Department of Labor Bureau of Labor Statistics)

NOTE: *The Guided Pathways Curricular Maps below contain all the elements required for degree/certificate completion. However, courses may be offered or taken in other semesters so long as prerequisites are met and courses are available. Additional option available. Please see DegreeWorks for allowable substitutions. Courses may be available days, nights, hybrid, and online. Sample maps for part-time attendance may also be available. Please see an advisor.*
