## *Nightingale Pledge*

I pledge myself here, before my God and in the presence of this assembly, to practice my profession with integrity. I will endeavor to maintain and elevate the standard of nursing, both as a science and an art. I wholeheartedly recognize the importance of high standards of care and personal accountability. I devote myself to the healing, protection, and welfare of those committed to my care. I accept a duty to work for the improvement of health in the communities in which I live and work. I will hold in confidence all the personal matters committed to my keeping and will respect the privacy of medical information. I will act with compassion in ethical matters. I will not knowingly administer or consume any harmful substance. I commit to interdisciplinary collaboration and lifelong learning. I fully acknowledge the seriousness of the responsibility that I accept in my calling, and the significance of this pledge that I take today.
